SLOW CONTENT PROBLEM – FIXED!

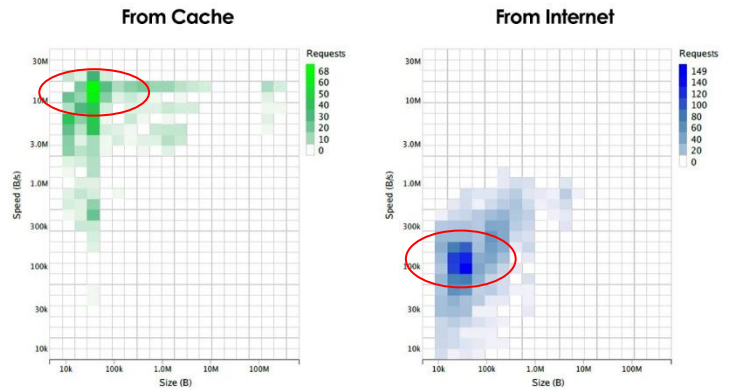

Average Speed from Internet: **100-200 Kbps**

Average Speed from **CACHEBOX**: **5-15 Mbps**

AVERAGE CONTENT ACCELERATION:

CACHEBOX delivers 60x-100x faster!

Google & YouTube with no buffering!

*“At the conclusion of the 2-day teacher training event, School Director Mr Eustorgio Cruz Hernández was so impressed with the performance of the **CACHEBOX** that he purchased it without hesitation – and wouldn’t let the engineers remove it from the building! Since then, Mr Cruz has introduced **CACHEBOX** to each of his three neighbouring schools.”*
